

SAN JUAN MINE COPPER PROPERTY BOUGHT By Eastbrook.

Valuable Graham County
Copper Property Bought
By Eastbrook.

Phoenix, Ariz., June 3.—F. W. Eastbrook, a member of the board of directors of the Miami Copper company, has purchased the San Juan copper mine in Graham county, from J. C. Adams, Dr. R. W. Craig and T. J. Sparks of Phoenix, and Gus Hirschfeld of Hayden.

In this deal Eastbrook, it is said, represents powerful capitalists. It was reported that the Lewisohn interests were behind him, but that story was denied at Miami.

Largest Copper Mine in County.
The San Juan is supposed to be the largest copper mine in Graham county. It has been known for many years, but is only partially developed. After \$200,000 worth of ore had been shipped, disagreements arose among the stockholders.

Two or three years ago when copper was low, operations were suspended. Arizona stockholders protected the property by performing the annual assessments. Work was resumed in February, when Adams, Hirschfeld, Craig and Sparks took hold. Since that time they have shipped 13 cars of ore to the Salt Lake & Arizona smelter at Bingham.

Returns have been received on the first mine cars, each of which netted \$147.

Churn drilling operations have blocked out \$70,000 tons of copper ore that averages 2.57 per cent copper.

**RICH GOLD SPECIMENS ARE
FOUND IN LA LUZ DISTRICT**

Alamogordo, N. M., June 3.—Valuable specimens of gold and silver ore are being found in the mining camp near La Luz. The region has been mined considerably, but it is only recently that anything except low grade ore has been found. The specimens found in some cases run as high as \$500 a ton in gold, but no large bodies of valuable ore have yet been struck. Tungsten ore has been found in places in the camp. There is quite a body of low grade copper in the neighborhood, but it is too far from the railroad to pay mine with the facilities that are in use at this time.

Nearly all of the mineral bearing land has had location notices posted on within the past month. The camp lies about nine miles northeast of Alamogordo.

**ALTO GROUP IN THUMB
BUTTE DISTRICT TRANSFERRED**

Prescott, Ariz., June 3.—T. C. Hill and W. G. Patton have transferred to F. C. Norman and D. C. MacIntyre the Alto group of claims in the Thumb Butte district, eight miles west of Prescott. A wagon road is to be built at once to the Alto and camp buildings constructed. A 30-ton ball mill will be installed for the treatment of gold ore already exposed.
